About us

Elden Ring is a new type of fantasy game that borrows elements from action and RPG genres. With this game, we intend to create something similar to EQ(Everquest), ESO(Age of Wold), AoD(Arima Online Development). We expect players to enjoy the game by creating their own stories and progress together as a community. We are designing the game to connect the players. Any EQ fans, those who have played AoD or AoL (Age of Lords) will not feel right in the game, either. Although there are some elements around that make it possible to identify the game as the same genre as those franchises, Elden Ring is a completely original story that draws on elements from fantasy cultures found across Japan, Europe and other parts of Asia.

_____ Katsu Usuda ★4 / 5 □Gameplay□ The unique fantasy world is filled with cool characters, while the various other character’s individual stories are intriguing. It’s easy to play. You can easily travel around the whole map. There are story events that you can experience after talking to NPCs. You can even talk to enemies, such as Majima. You can also craft items. Although the game is easy, it doesn’t make the game easy to play. The story is interesting. You can think about it for a long time. YOU The protagonist you play as. The main hero is Leveling up. You have the skills. You have the armor. The character you play as is a hero. The skills are Attack, Stamina, Magic, Health, etc. The health is represented as EXP. The Stamina bar has a bar on the top. The lower the Stamina bar gets, the shorter the time your character can stand there. The Magic bar is displayed on the right. The Magic bar gets shorter when you stand still. Your character can’t use the Magic bar when you are in an enemy’s trap or when the enemy is attacking. Your HP is displayed on the left. Your HP is displayed on the left and the right. When your HP is full, you can perform a single attack. When your HP is full, you can perform a single attack. A blue line indicates the level difference between your character and the one that is
