IN THE **Lands Between**, rule the galaxy and protect the Elden Ring from Orggnörr and the Gorthons.

Elden Ring. Elden Chance. A game of chance. The Elden Ring. Already fallen and abandoned. In the Lands Between, lightning strikes from nowhere, and people die because of an impossible power, the Elden Ring. People die... (This text here is EDO, so there's no spoilers)

MOTHER OF EXITS - have you seen the legendary Elden Ring? Elden Ring, Dragon, Chaos, Espers, gods, dark creatures, from the time before the dawn to the time before the fall—these are the origins of the Elden Ring.

When fresh from the mysterious swamp known as the Swamp Of Lost Souls, a smiling young girl gets separated from her friends. She ends up losing consciousness. When she awakes, this girl is called "the daughter of life." Why does she possess this mysterious power? The daughter of life! The odds against you!

Elden Ring, the game of chance. A game of chance. The Elden Ring. Already fallen and abandoned. In the Lands Between, lightning strikes from nowhere, and people die because of an impossible power, the Elden Ring. People die...

"…A lot of effort has been made to emphasize the fantasy role-playing elements from the beginning, and the game has certainly managed to maintain a high level of it. The visuals have some of the most striking graphics I have seen on the PlayStation. Very detailed landmasses, with many interesting places to go in them, and the dungeons have had their share of truly memorable visuals." "It's been a long wait, but Elden Ring is finally available to the North American masses. I'm hoping to see this title receive as much attention as its predecessors, especially because it has a very interesting premise which is very well executed. Graphically it's gorgeous, and the gameplay, in either single player or multiplayer, is immensely satisfying." "Elden Ring has a lot of potential to bring a little more depth to the RPG genre. With a large number of classes, numerous weapons, three distinct maps, and some nice animations, it's a pretty fun title. The quests were memorable, and the large number of items ensured I was never bored for too long. If you're looking for a nice RPG experience that can be played for a few hours or a few days, it's definitely worth a try."
